

## Professional Profile – Dr. Shrikant Kallurkar

Dr. Shrikant Kallurkar is a distinguished academic leader, leadership thinker, and transformational facilitator with over four decades of experience across industry, engineering education, research, and leadership development. A Ph.D. in Industrial Engineering, former Principal of leading engineering institutions, and a recognized Ph.D. research guide to multiple Indian and international universities, he has guided more than 23 doctoral scholars, published over 100 research papers, and holds patents in Mechanical and IoT domains.

Widely known for pioneering the **5 Vedic Laws of Success** and **Panchkoshha-based leadership development**, Dr. Kallurkar uniquely integrates Vedic wisdom with modern management, neuroscience, Industry 5.0, and ESG–SDG frameworks. An author of *Lead From Within* and a mentor under World Bank–supported TEQIP initiatives, he continues to inspire leaders, educators, and institutions to cultivate inner alignment, ethical action, clarity in decision-making, and sustainable success grounded in the values of **Yadnya, Dan, Tap, Karma, and Swadhyaya**.
